Experience

Pre-Sales Executive

March 2025 - October 2025

IFINITY Global | Colombo, Sri Lanka

- Gathered and documented business/functional requirements, created BRDs and process flows, and aligned business needs with technical solution capabilities.
- Supported pre-sales activities including RFP/RFI responses, solution scoping, effort estimation, proposal writing, competitive analysis, demo preparation, and solution pitching.
- Managed sales and project enablement tasks such as maintaining the sales funnel, coordinating tender submissions, organizing documentation, and supporting partner onboarding and market expansion.

Project Management Intern

2024 - 2025

MAS Capital (Twinery) | Colombo, Sri Lanka

- Led end-to-end Jira configuration across 30+ deployment centers, creating custom dashboards to improve project visibility and reporting for stakeholders.
- Facilitated agile planning, backlog refinement, and workflow optimization, ensuring smooth delivery across multiple teams.
- Supported requirements elicitation and UAT with cross-functional teams to align solutions with business objectives.
- Monitored project timelines, milestones, and deliverables, maintaining consistent on-time execution. Supported in resource allocation and budget tracking, enabling cost control and operational efficiency.

Certifications
